 - 1) HEPA 13 filter: eliminates 99,95% of all airborne particles
 - 2) Active carbon filter: neutralizes odours
- Ionizer: Neutralizes viruses and impurities in the air
- Suitable for spaces up to 15 m²
- Air quality laser sensor + display and light indication (red, yellow, green)
- 5 speed settings
- Quiet sleep mode operation (only 25 dB)

TECHNICAL SPECIFICATIONS

- Power : 48 W
- Filters: 2 (Active carbon, Hepa)
- Clean air delivery rate: 100 m³/h
- Filtration: 99,95% up to 0,3 microns
- Replace filter after: 1500 h
- Noise level: < 55 dB(A)
- Sleep mode noise level: <20 dB(A)
- Applicable area: 7-15 m²
- Speed settings: high - mid - low - auto - turbo
- With Ionizer
- Including air quality laser sensor & timer
- Product size: 200 x 200 x 313 mm
- Weight: 1.8 kg

EAN: 5414633068415

Purifies the air from impurities such as allergens, bacteria, pollen, fur, odors, dust and smoke
